RHEIN-KREIS NEUSS

MORE THAN A PROMISE. The largest hub for the European distribution of 3M is the logistics location Rhein-Kreis Neuss with the Neuss Düsseldorf Häfen (Neuss and Duesseldorf harbors). With its distribution center the technology company makes use of the optimal infrastructure in **NORDRHEIN-WESTFALEN | NRW** (North Rhine-Westphalia), Germany's leading logistics location. You too can profit from six international airports, a dense network of waterways, rail tracks and roads, and the associated know-how. From here you can reach your customers throughout Europe in less than two hours. Interested? www.nrwinvest.com/logistics
